All through your trek downwards, you will see the wonderous curves of the hills crowned by the beautiful morning mist.

## **TEA TRAIL ( 8 AM : 2 HOURS , MAX 6 PAX)**

Walk through Tea plantation, to the area where the day's pruning takes place, meet up with local tea picking women, get into their costume to try and prune a few bushes alongside them. Our next stop is at the factory, where one goes through the various stages of tea dust making. The processes of withering, rolling, oxidizing and drying can all be learned here. The Tea Museum, set up in an old tea plantation factory, makes for the perfect English tea experience. After a tour around the museum, complete with stories of history, variety and benefits of tea, we move to the much-awaited Tea Tasting session. This will allow you to understand all the differences between your white, black and green tea. Before you make your way back, there is a sale counter for you to pick up your favourite brew of tea from.
